

Wilton – Jay Police Collaboration Committee

By motion of the Wilton and Jay Selectboard the joint Wilton - Jay Police Collaboration Committee was established and charged with exploring opportunities for collaboration between our Police Departments.

The Committee is tasked with researching and evaluating potential models for working together and seeking solutions to help maintain a stable and effective police presence in both communities while making sure that any path forward reflects the needs and values of both towns. The joint committee is further tasked with sharing updates, listening to public input, and ensuring a careful, transparent and inclusive process.

The committee includes representatives from both communities: two members of each Selectboard, two members of the public from each town, and active participation from both police departments and Town Managers.

Committee representatives include:

Wilton:

David Leavitt, Wilton Selectperson - dleavitt@wiltonmaine.gov – 491-1817
